

CALFED Bay Delta Program
1416 Ninth St., Room 1155
Sacramento, CA 95814
State Clearinghouse # 96032083

0065 Aug. 2, 1999

To whom it may concern,

More fresh water needs to flow through the Bay to restore habitat and the environment.

Please invest in more water efficiency and aggressive water conservation practices especially in the state's agriculture business, rather than building more dams and reservoirs.

Sincerely,

Linda Lyon-Wright
